

March 18, 2020

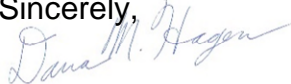

Dear Clients and Partners,

Our hope is that you and your families are staying safe and healthy during this COVID-19 outbreak. We understand that this has affected all of us, so we wanted to provide a brief update. We want to assure you that services at Retirement LLC will remain operational and share some of the steps we are taking during this challenging time.

For many years, Retirement LLC has had “work from home” capabilities. Our technology allows us to securely maintain computer and telephone services for staff at their homes. It is identical to their working environment in the office. While we still maintain physical offices in Oklahoma City and Sioux Falls, we are asking all staff to work from home until further notice. It is our responsibility to our communities, families, colleagues and clients to be doing everything possible to “flatten the curve” and minimize risk.

We are blessed to have already been operating with work from home abilities, and we will utilize these technologies to both maintain our services to our valued clients and protect each other from this virus.

Please don't hesitate to call or email us if you have any questions.

Sincerely,  

Dana Hagen  
President/CEO
